SKILLS

- **Languages** : C++, C , Javascript
- **Web Frameworks** : ReactJS , Node.js
- **Version Control System and Build Tools** : Git , SQL
- **Soft Skills**: Communication skills , Leadership skills , Teamwork , Time management

TRAINING

May 2024-July 2024

- Successfully completed summer training in *Complete Interview Preparation* by GeeksforGeeks (GFG) , covering in-depth concepts required for technical interviews, including coding problems, system design basics, and problem-solving strategies.
- Gained proficiency in C++ programming, focusing on data structures and algorithms (DSA) like arrays, linked lists, trees, and graphs, along with key computer science subjects such as Database Management Systems (DBMS) and Operating Systems (OS), enhancing problem-solving and technical skills.
- Developed a Sudoku game using C++, implementing backtracking algorithms for puzzle generation and validation, with an interactive console-based user interface, reinforcing algorithmic thinking and project development skills.

PROJECTS

Food Delivery Website

March 2024-April 2024

- Developed a dynamic food website showcasing 100+ food items, enabling users to order from home effortlessly.
- Built a platform for restaurants, boosting their online presence and expanding customer reach by 30%.
- Enhanced user experience by offering diverse food options, helping customers choose the best meals available within their area.
- Technologies used: *HTML, CSS, JavaScript, ReactJS*

Student Management System(SMS)

November 2024-December 2024

- Developed a web-based student management system to store and manage details of 200+ students, including their results across various sections.
- Built an intuitive platform for teachers, reducing manual data entry time by 40% and ensuring efficient result management.
- Enhanced accessibility by providing seamless search and update features for student records.
- Technologies used: *HTML, CSS, JavaScript, Bootstrap, ReactJS*

CERTIFICATES

- Assertive Communication Masterclass : Kara Ronin (Udemy) January 2025
- Web Development Bootcamp: by Dr. Angela Yu (Udemy) January 2024
- Introduction to Programming in C : By Prof. Satyadev Nandakumar , IIT Kanpur (NPTEL) March 2023

ACHIEVEMENTS

- Participated in Smart India Hackathon,2024 and got shortlisted for college level competition among top 150 teams.
- Hosted marketing for a poetry event as a public speaker and sold 200+ tickets.
- School topper in Class 10 CBSE exams with an overall percentage of 96.6% and 100 in social studies.

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.21**

Since Sept 2022

Phagwara,Punjab

CPS International School

Intermediate; **Percentage: 87%**
